Looking back at the lectures are there any other aspects you would like to...

Ed is a really good teacher, he always listen to our questions and explain to us in a detail. And I enjoy the lessons so much!

It would be better to focus also in real-life examples, so we can understander better how the theory could be applied

none

The lectures are very interesting and insightful.

Looking back on the seminars are there any particular aspects you would lik...

It's very helpful when seminar tutors attach the readings to the weeks (as you did) in the seminars tab, thanks for doing that!

It could be interesting having more case studies
